

Recruiting Cal/OSHA Health and Safety Inspectors

The California Division of Occupational Safety and Health (Cal/OSHA) is hiring health and safety inspectors throughout the state. These are field positions that conduct compliance inspections in many different settings and consult with employers on a wide range of health and safety issues.

Cal/OSHA inspectors describe their jobs as interesting and enjoyable. They report enormous satisfaction knowing they are helping to improve health and safety conditions in workplaces and making a positive difference in the lives of working men and women. In addition, the State of California offers long-term job security and excellent benefits, such as medical coverage and a pension.

Examinations are being offered periodically for the classifications listed below. Candidates must meet the minimum qualifications, possess strong analytical and communication skills, and be able to prioritize tasks and meet multiple demands and deadlines. Bilingual candidates and candidates with combined safety and industrial hygiene experience are encouraged to apply.

CLASSIFICATION	MONTHLY SALARY RANGE
Junior Safety Engineer	\$4,998 - \$5,959, plus differential*
Assistant Safety Engineer	\$5,723 - \$7,160, plus differential*
Associate Safety Engineer	\$7,482 - \$9,360

* *Junior Safety Engineers and Assistant Safety Engineers receive a recruitment and retention pay differential of \$200 per month.*
